

Weaving Together Strands of Practice 2023-2024

Come deepen your practice to build students' capacity to make a difference in their world as they engage with, honour, and take up diverse perspectives.

Attend with a partner or team at Vanier Hall or join us online! We'll delve into applications and classroom idea examples that help us weave together strands of practice that are differentiated, inclusive, equity-oriented, culturally responsive, anti-racist, that amplify student voice, and welcome Indigenous ways of knowing. Together we can transform ourselves, our classrooms, and our schools!

This collaborative inquiry series highlights our strategic plan with a renowned keynote speaker on a Pro-D day morning, in-person and online.

Staff are invited to register on PD Reg, online links will be sent out:
