

KINDERGARTEN/GRADE ONE MATH BLOCK

This framework could be used when planning a Kindergarten or Grade 1 math block. Suggested time 40 - 60 minutes daily.

*Could occur during one block or broken up throughout the day.

1

Opening Activity 10-15 minutes

High Yield Routine

- Esti-mystery, number talk, WODB
- Story tied to curricular content
- Number sense explore (oral counting, represent number, subitizing)

2

Direct Instruction 10-15 minutes

- Teaching new skill or concept
- Reviewing a math concept or lesson from previous day
- Teaching how to play a math game or complete an activity
- Introducing a provocation
- Modelling printing of number or specific skills.

3

Practice 15-20 minutes

Guided or independent

- Individual, partner, or small group
- Inquiry
- Games
- Math Centers
- Counting Collections

4

Consolidation - 10 minutes

- Bring closure to the lesson
- Review important information
- Reflection - carpet or circle
- Assessment
